Please replace the paragraph beginning on page 21, line 34 as follows:

In a step S64, it is checked whether or not the event is found. When it is determined that the event is found (YES), a suppress-flag for the event is set to "ON" in an event table 10 such as shown in FIG.12, in step S65. On the other hand, when it is determined that the event is not found (NO), the process is terminated.
